

# MEDIUM/HIGH TEMPERATURE HOSE FOR TEMPERATURES UP TO +570°F

## Master-Clip ISO-SILICONE

### Material

Hose wall: Two-layer construction, inner layer heat resistant impregnated glass fabric, outer layer silicone-coated glass fabric

External helix: galvanized steel

### Applications

- Machine manufacturing
- Automotive manufacturing
- Low pressure applications
- Defense systems
- Aircraft manufacturing
- Engine manufacturing
- Hot and cold air conveyance
- Extractor units with greater suction performance

### Properties

- Flame-resistant
- Very high temperature resistance
- Highly flexible
- Super lightweight
- Compressibility 1:4
- Small bend radius
- Good vacuum resistance
- Vibration-resistant
- External steel helix protects against abrasion
- Special clamping method guarantees high tensile strength between hose material and external helix
- To maximize life of duct and exhaust system effectiveness, it is recommended to utilize a negative pressure exhaust system and introduce ambient air at the inlet.

### Construction

1. External helix
2. Outer wall: silicone-coated glass fabric
3. Inner wall: heat resistant impregnated glass fabric

### Temperature Range\*

- -75°F up to +570°F
- Intermittent to +625°F

### Chem. Resistance

See resistance table

\*Hoses used for vehicle exhaust extraction, or operating near maximum temperature, must be used within a properly designed fan system to avoid damaging the hose.

\*Referring to the inner side of the elbow of hose.

The above mentioned data refers to an average and ambient temperature of 68° F. Subject to technical changes and color variations. Please refer to technical data sheet when selecting hose.

## Standard Production

- Diameter: 2.5" to 36"
- Color: silver
- Standard lengths: 25'

## Available on Request

- Special lengths
- Custom design with other pitches and helix sizes
- External helix also in stainless steel
- Special diameters metric

## Installation and connection possibilities

Clip-Grip hose clamp, screwable

Hose connector

Hose reducer, symmetrical
